Dear Maria,

Thank you for your generous contribution to New Incentives. We are deeply grateful for your support, which plays a vital role in our mission to enroll 7.9 million infants by 2026, saving lives by incentivizing childhood vaccinations in northern Nigeria.

Three-week-old Aliyu was just one of the children we recently enrolled in the program. After his mother, Alawiyya, gave birth at home, she was too weak to make the four-kilometer journey to the clinic with her baby. Our field officer, Idras, joined a mobile vaccination team in February and traveled to remote villages in Kano, including Alawiyya's, where Aliyu received his first vaccinations.

You can [read more](#) about this story and how we partner with stakeholders to reach children who have missed routine immunizations.

With your support, as of March 2024, we've:

- enrolled 3 million infants
- disbursed 10.9 million cash transfers
- encouraged 39.6 million vaccinations

Thank you for being a part of this pivotal journey for Aliyu and 3 million other infants in northern Nigeria. Together, we're able to save lives in a way that does the most good per dollar.

Gratefully,

Liz Hixson
Senior Communication and Development Associate
